Map filed SEP 03 under 58882 proposed P.O.D. \_\_\_\_\_

\*\*\*\*\*

The applicant **Sierra Pacific Power Company**, hereby makes application for permission to change the Point of Diversion of water heretofore appropriated under Permit 45324

\*\*\*\*\*

1. The source of water is **Hunter Creek**.
2. The amount of water to be changed **49.0 acre feet or 0.40 cfs.**
3. The water to be used for **Municipal and Industrial**
4. The water heretofore permitted for **Municipal and Industrial**
5. The water is to be diverted at the following point The point of diversion of Sierra's existing surface water treatment plants (Chalk Bluff and Glendale) as described in exhibit "A" attached hereto and shown on the map supporting application 58882 on file with the State Engineer.
6. The existing permitted point of diversion is located within As decreed-aka from which point the West 1/4 corner of Section 19, T.19 N., R.19E., M.D.B. & M. bears N.04 53'39" W., a distance of 2,068.72 feet.-aka in the SW 1/4 SW 1/4, Section 19, T.19 N., R.19 E., M.D.B. & M., Washoe County, Nevada.
7. Proposed place of use The certified water service area of Sierra Pacific Power Company as shown on legal description on file with the State Engineer's office.
8. Existing place of use The certified water service area of Sierra Pacific Power Company as shown on legal description on file with the State Engineer's office.
9. Use will be from January 1 to December 31 of each year.
10. Use was permitted from January 1 to December 31 of each year.
11. Description of proposed works Water will be diverted by existing company facilities, treated and placed into existing distribution system.
12. Estimated cost of works Sierra Pacific Power Company water plant investments exceed \$230,000,000.
13. Estimated time required to construct works Existing
14. Estimated time required to complete the application of water to beneficial use Water currently beneficially used.

15. Remarks: During 1994, Sierra served water to an average of 59,223 customers and delivered approximately 64,505 acre-feet of water. Maximum day delivery was 115.5 million gallons. This application transfers water from the "out-of-service" Hunter Creek Water Treatment Plant to the Chalk Bluff and Glendale Water Treatment Plants.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion of the waters of Hunter Creek as heretofore granted under Permit 45324 which changed the place of use and manner of use of Claim No. 725, Truckee River Decree is issued subject to the terms and conditions imposed in said decree and with the understanding that no other rights on the source will be affected by the change proposed herein. A suitable measuring device must be installed and accurate measurements of water placed to beneficial use must be kept.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.38 cubic feet per second, but not to exceed 49.0 acre-feet as decreed.

Work must be prosecuted with reasonable diligence and be completed on or before:

N/A

Proof of completion of work shall be filed before:

N/A

Application of water to beneficial use shall be filed on or before:

September 29, 1998

Proof of the application of water to beneficial use shall be filed on or before:

October 29, 1998

Map in support of proof of beneficial use shall be filed on or before:

N/A

IN TESTIMONY WHEREOF, I, R. MICHAEL TURNIPSEED, P.E.,  
State Engineer of Nevada, have hereunto set  
my hand and the seal of my office,

this 29th day of September, A.D. 1997

  
State Engineer
